

BATHTUBS | SHOWER TRAYS | HOT TUBS | SPA

SYSTEMS SPA

C a t a l o g

Company Profile

MTI was established in 1993 and is Israel's leading manufacturer and marketer of bathtubs, hydrotherapy tubs, shower trays and outdoor spa systems.

The company's advantages lie in its manufacturing capabilities in Israel, decades of experience and a comprehensive, system-based solution encompassing the ordering of the sanitary components, through to their installation at the client's home. All of the company products are custom-tailored and undergo rigorous design and quality control processes.

The tub models can be upgraded thanks to the local production in Israel. Our company offers a huge range, encompassing more than 20 spa models of different sizes, 80 professionally-designed shower trays for shower stalls and 100 different size options for indulging hot tubs that come in a variety of specifications and colors.

We have the capability to produce over 25 different models, in various designs and colors, ranging from basic products for developers and contractors, through to high-end luxurious products of the highest level. The company is also uniquely positioned to manufacture custom-tailored products to cater to the specific needs of every client.

The perfect finish, the quality and long-lasting nature of our products are achieved as a result of our uncompromising selection of the very best materials the world has to offer, all imported from the United States,

BALBOA water group Manufacture of the most advanced control systems in the world for hot tubs and spas.

Lucite.SPA

Manufacture of the best sanitary acrylic products in the world, possessing a unique patent for bacteria and germ prevention on the acrylic surface, thereby contributing to the optimal protection of your family.

CMD SPA PRODUCTS

Producer of the highest-quality massaging spa jets for the perfect and most enjoyable experience.

Over the past several years, the company began to develop and market unique products, such as bathtub liners, which render it possible to give your bathroom a new look, without requiring a massive remodeling project, along with designed acrylic panels for creating a home hot tub, with easy installation over the existing flooring.

The company is also currently working towards an additional expansion of its product offerings and is developing a new line of shower and bathtub stalls.

The company is also collaborates with and is the exclusive marketer of the prestigious Aifeiling products, for high-end free-standing bathtubs.

The company's products are marketed nationwide, in over 400 points of sale in Israel. Our clients include retail marketing chains, hotels, local municipalities, architects, real estate developers, contractors and tens of thousands of satisfied private customers.

Thanks to well-established collaborations with leading marketing chains such as Alony, Negev Ceramics, Harash Ceramics, Zahavi Atzmon and others... We have supplied tens of thousands of products to various real-estate development projects in neighborhoods and cities, such as the Ramot Quarter in Be'er-Sheva, as part of the Ouzan Brothers Project, the Mifras Towers in Ashdod, the City of David Quarter in Netanya and thousands of bathtubs in the new city of Harish.

We also enjoy a prominent presence in the hotel industry, including the Herods Chain, Ramada, Club Hotel, dozens of high-end Bed and Breakfast locations and additional boutique hotels.

To conclude, thanks to our local manufacturing, our rich experience, professionalism, wide product range and speedy service, our company offers the perfect solution for all its clients in the sector.
